### ZEBULE MAGAZINE: PARTNER

#### Editorial style

The first magazine that brings you into its visual universe, is dedicated to the discovery of the young designers. ZEBULE clears, flushes, decrypts around six topics: Dating, Fashion, Beauty, 'Heart-catch', Art, and Travel. It highlights the talents to bring you the Emotions, the True, the Beautiful with passion and without compromise.

*"We bring into focus those who touch us with their talent, strength and creativity."*

**Thibault Grabherr Zebule Magazine founder.**

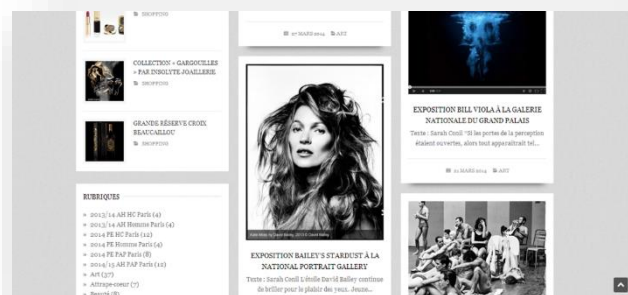

#### DNA Zebule, this is the man

We want to honor human adventures, passionate people, strong personalities, amazing persons, famous or not, sometimes rebellious, always real ... know their views of the world, their artistic endeavors and what they have to defend. Regardless of the news: the meeting must be timeless, profound, touching. These moments are immortalized by a photographic work that brings a unique dimension to the editorial line of ZEBULE. Often poetic, the image according to ZEBULE "breathes", it provides a natural touch in a world saturated with ultra-smooth images. But "natural" does not mean without sophistication or artistic research!
